FIRE DEPARTMENTS

We offer a variety of rental programs to meet the needs of your department. Short-term rentals are great for training, probationary hires and while waiting for custom gear to arrive. Gear can be rented weekly, monthly or for a more extended period.

As a third-party verified ISP (Independent Service Provider), verified to the NFPA 1851 *Standard on Selection, Care, and Maintenance of Protective Ensembles for Structural Fire Fighting*, we also offer programs to clean, inspect and repair department-owned gear.

FIRE TRAINING ACADEMIES

We offer a variety of rental programs to meet the needs of fire training academies and students. We can rent complete ensembles or individual pieces, and can support full- and part-time programs as well as short-term specialized training classes.

Our programs relieve academies of the burden of gear ownership, including the ongoing care and maintenance requirements, and ensure that cadets are wearing high-quality gear that is safe and meets all current standards.

If your academy already owns gear that it provides students, we can offer a program to clean, inspect and repair this gear on a scheduled basis.
